Single Database...	Select a database from the list.
Multiple Databases...	Select the first database; press and hold the CTRL key and select additional databases.

Guidelines for Searching

Entering Search Words and Phrases	<ul style="list-style-type: none">- Not case-sensitive (i.e., <i>water</i>, <i>WATER</i>)- Punctuation must be included to search an exact phrase (i.e., <i>four-year institution</i>)- "Stemming" is a feature that is turned on by default. Stemming extends a search to cover grammatical variations on word endings. Searching for <i>apply</i> will also retrieve documents containing <i>applies</i>, <i>applied</i>, and <i>applying</i>.- Use parentheses to search for groups of words linked by connectors and & or Example: <i>(real and estate) or school</i>- To include the words <i>and</i>, <i>or</i>, or <i>not</i> as part of a search phrase, type the phrase between double quotes. Examples: <i>"on or after"</i> <i>"personal and commercial institution"</i> <i>"state not federal"</i>
Wildcard Characters	<ul style="list-style-type: none">* Matches any number of characters? Marches any single character
Field Connectors	<ul style="list-style-type: none">AND Searches for documents that meet the criteria of multiple fieldsOR Searches for documents that meet the criteria of one field or anotherAND NOT Searches for documents that meet the criteria of some fields, but excludes other fields
